

GMN Paul Müller Industrie GmbH & Co. KG

GMN – Declaration

- **Environmental Management Systems DIN EN ISO 14001:2015**
- **Occupational Health And Safety Management System DIN ISO 45001:2018**

The GMN Paul Müller Industrie GmbH & CO. KG has been certified according to DIN EN ISO 9001 by the DQS. At the moment, we will not have any other management system externally certified in addition to the quality management system in accordance with DIN EN ISO 9001.

However, GMN Paul Müller Industrie GmbH & CO. KG is committed to integrate the complete management system consisting of:

- Quality Management - DIN EN ISO 9001
- Environmental Management - DIN EN ISO 14001
- Health And Safety - DIN ISO 45001

in our QM – guide. The company's policy statement is already part / integrated in the quality policy.

The authorized persons, for the above mentioned suitable management systems working independent and reporting directly to the board.

On the basis of this situation, we kindly ask you:

- keeping GMN still in your supplier list, without holding the certificates according to '14001 and 45001'
- accepting this document as GMN declaration for environmental, health and safety
- refrain from signing individual customer documents

For further questions please ask our QM – department.
